LETTER OF DEFICIENCY  
WD WQE 06-004  
June 26, 2006

Re: Alteration of Terrain for a Sand and Gravel pit  
Route 2, Shelburne, New Hampshire  
Shelburne Tax Map 4, Lot 16

Dear Mr. and Mrs. Drouin:

On June 8, 2006, personnel from the Department of Environmental Services ("DES") conducted an inspection on the subject property (the "Property"). The purpose of this inspection was to determine compliance with RSA 485-A:17, and applicable rules promulgated pursuant thereto. During the inspection, the following deficiency was documented:

- (1) An area in excess of 100,000 square feet had been altered to create sand and gravel pit on the Property. DES has no record that a Site Specific/ Alteration of Terrain Permit had been issued for this disturbance.

DES believes that the cited deficiency can be corrected by:

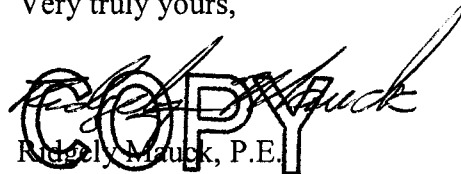

1. Applying for a Site Specific Permit ("Permit") within 60 days of the receipt of this letter.
2. Obtaining a Permit prior to conducting additional alteration of terrain activities on the Property.

In the event compliance cannot be achieved within this period, DES may order you to take such remedial measures as may be necessary. Failure to comply with such an Order may result in enforcement action by DES under RSA 485-A:22. In addition, DES personnel may conduct another inspection at a later date to determine whether you have come into and are maintaining full compliance with the applicable statute and rules.
